## DIRECTIONS:

**IDEXX**  
**1 IDEXX Drive**  
**Westbrook, Maine 04092**

### Directions from the Maine Turnpike

From the Maine Turnpike, take Exit 46 (formerly Exit 7A).  
After the tollbooth, turn left at the traffic light.  
At the next intersection, which is Route 22 West/Congress Street, turn left.  
At the first traffic light, turn right onto Spring Street.  
Approximately 1/2 mile down Spring Street, on the left (across from a gray church on the right), is the sign for "5-Star Industrial Park" (Eisenhower Drive). Take that left onto Eisenhower Drive.  
IDEXX is located in the last building on the left, at IDEXX Drive.

### Directions from Gorham

Take Route 25 East into Westbrook.  
At the traffic light where New Gorham Road intersects with Route 25, go straight through the traffic light.  
At the next traffic light, turn right onto Saco Street. (Sullivan Tire, with a big green sign, is on the corner).  
Approximately 1/2 mile down Saco Street, the City of Westbrook DPW will be on the right. Directly opposite, on the left, is the sign for "5-Star Industrial Park" (Eisenhower Drive). Turn left onto Eisenhower Drive.  
IDEXX is located in the first building on your right, at IDEXX Drive.

Registration is required  
for all our tours and events.

## The History of IDEXX

IDEXX Laboratories, Inc., is the global market leader in diagnostics and information technology solutions for animal health and water and milk quality.

Headquartered in Maine, IDEXX employs over 4,700 people in more than 60 locations around the world.

Our largest business helps more than 50,000 veterinary practices worldwide advance medical care, improve staff productivity and increase practice profitability. We accomplish this via an integrated portfolio of pet-side diagnostic tests, point-of-care instruments, reference laboratory services, digital radiography, and practice management solutions.

In addition, IDEXX is the world leader in microbiology testing technologies that ensure safe water and the top provider of diagnostic tests and health-monitoring systems for milk safety and production animal health.
